

WIETSE VANDEPUT

My passion lies with optimizing and improving the world around me using both logic and creativity.

There are no problems, only solutions.

-
- IT SKILLS**

-
- WORK EXPERIENCE**
- 01/2023 – now | **PORTFOLIO WEBSITE DEVELOPMENT**
Expanding my full-stack expertise and building a full portfolio.
- 11/2022 – 01/2023 | **FREELANCE WEBSITE DEVELOPMENT FOR DIVERKO**
During the job search I started working on a custom website for Diverko, using React and Tailwind CSS.
- 10/2021 – 11/2022 | **CABIN CREW MEMBER, TUI, BELGIUM {DUTCH, FRENCH AND ENGLISH}**
Client focussed service with average over 350 clients per day. Every day working close together in a different team for both safety and service. An experience that grew my soft skills and widened my focus.
- 09/2021 – 10/2021 | **IT CONSULTANT, TMC, PROJECT AT SIEMENS MOBILITY, BELGIUM {DUTCH AND FRENCH}**
Technical support, installation and integration of network equipment in existing data centres. A short experience that taught me the value of finding a job that makes not only money but also challenges the mind and fills the heart.
- 09/2020 – 08/2021 | **IT CONSULTANT, BIZZTALENT, PROJECT AT NRB, BELGIUM {FRENCH}**
IT hardware support and asset manager internal and external. Physically managing multiple inventories of different sites and logically managing the assets.
- Backup for many different functionalities (planning, 2nd line support, training new colleagues etc.).

-
